Sarita's Dance Studio is inspiring the spirit of dance in the next generation.*

Sarita has been in the dance and fitness field for over 51 years. She taught aerobics, dance, and wellness classes in various locations in San Antonio. She was featured in various prestigious magazines both locally and nationally. She has been honored for community leadership and for making a positive impact on the Southside.

Ballet and Pointe

Ballet is the basic foundation of all dance. The class is divided into three sections: barre, centre floor, and across the floor combinations.

Tap

This fun class will teach dancers the history of tap as well as time steps, rhythm tap, and combinations of steps and sounds.

Jazz

Jazz is a feeling, an attitude, and a freedom of movement. We combine jazz, modern dance, and ballet in an exciting infusion of energy and natural rhythm for all ages.

For more than 30 years our school has been a leader in dance education. We believe that our success comes as a result of providing solid training and quality service, along with an underlying belief that every child should experience the wonderful world of dance in a positive and encouraging atmosphere.

"With the help of Sarita's Studio my daughter is following her dream to become a great dancer. What a great dance studio we have in our community."
